## EDUCATION

**B.Tech in Computer Science and Engineering (2020 - 2024)**

CGPA - 8.3

Siddhartha Institute of Science and Technology, Puttur

---

## SKILLS

Languages	Core Java, Basics of Python
Databases	SQL, Firebase
Tools	VS Code, GitHub, AWS CLI, Terraform, MySQL Workbench, Shell Scripting, Articulate360, ContentFul, Confluence, Zendex, Jira
UI/UX	Figma & FigJam
Cloud Technologies	AWS ( Ec2, VPC, CICD, S3, Lambda, RDS, IAM, CloudFormation, Cost Optimization & etc..... )

---

## PROJECT

Online Course Platform 6/24 - 08/24

- Developed a full-featured online course platform with **end-to-end functionality**, including **admin and student dashboards**, user authentication, and course progress tracking.
- Built a **responsive and interactive frontend** using **HTML**, **CSS**, **JavaScript**, and **React.js**, enabling dynamic components and seamless navigation.
- Integrated **MySQL** and **Firebase** for efficient storage and retrieval of user data, course content, and progress tracking.
- Delivered a **comprehensive e-learning solution** supporting course creation, enrollment, and real-time updates for students and administrators.

---

## ACADEMIC PROJECTS

The Secure Online Test Platform 04/24 - 06/24

- Designed a secure online testing platform to enable students to take assessments with minimized risk of **copying**.
- Utilized **HTML**, **CSS**, and **JavaScript** for an interactive **frontend**, while employing **Java** for the **backend** logic.
- Implemented **Firebase** as the **database** to efficiently manage user data and track test results.

---

## INTERNSHIPS

- |                              |               |
|------------------------------|---------------|
| • Full Stack Web Development | 08/22 - 10/22 |
| • Python Internship          | 10/23 - 11/23 |
| • Web Development            | 09/23 - 11/23 |

---

## PROFESSIONAL EXPERIENCE

**Technical Writer | Sutherland | February 2025 – Present**

• **Documentation Development:** Authored, edited, and maintained a range of critical technical and operational documentation, including **Standard Operating Procedures (SOPs)**, **Knowledge Base (KB) articles**, **User Manuals**, and **internal process guides**.

• **Content Writing & Enhancement:** Contributed to broader content initiatives by producing engaging and informative **Content Writing** pieces, focusing on transforming complex, verbose information into clear, step-based articles and flowcharts for agents and end-users.

• **Technical Project Support & Publishing:** Provided hands-on support to technical teams by assisting with **configuration modifications** (editing small sections of code or configuration files) and managing the **publishing and deployment** of content and updates, ensuring smooth release cycles.

- **Cross-Functional Collaboration:** Partnered with Subject Matter Experts (SMEs), Operations, and Quality Assurance teams to meticulously gather requirements, validate technical details, and ensure content accuracy and adherence to established style guides.
- **Quality Assurance:** Conducted thorough quality checks and proofreading on all content to ensure grammatical accuracy, consistency, and a professional tone and voice across all platforms.

CERTIFICATIONS

---

• Microsoft Azure Fundamentals by Microsoft	29-10-2022
• Full Stack Java Development by Palle Technologies ( 6 Months )	28-09-2024
• AWS Certified DevOps Engineer Professional	03-10-2024

SOFT SKILLS

---

- Decision-making
- Team Player
- Effective Adaptability
- Communication and Collaboration
- Problem Solving
